Re: **SFPP, L. P. – Facility #A4022**
Minor Revision

Dear Mr. Broadbent:

This is to advise you that the Bay Area Air Quality Management District is issuing a minor revision to the Major Facility Review Permit for SFPP, L.P. (Facility Number A4022).

The purpose of the minor revision is to increase the maximum daily switchover limit to 45 while keeping the annual average daily limit at 30 so that total annual switchovers and annual VOC emissions do not increase from the current levels.

A copy of the final Major Facility Review Permit is enclosed for your information. If you have any questions on this matter, please call **Steve Hill, Air Quality Engineering Manager, at (415) 749-4673.**

Very truly yours,

William C. Norton
Executive Officer/
Air Pollution Control Officer
